

M'ADOO EASES BAN ON POLITICS

Strong Protests by Railmen Against Ruling Cause Modifications.

The Railroad Administration has modified its general order of August 31 against the participation of railroad employees in politics. The changes in the order come as a result of strong protests from the employees and officers and from union labor. A previous modification had been announced to the order of August 31, which permitted the employees then holding an office to continue their offices until their terms expired. This modification is continued in the new order.

**Dismissal Is Penalty.**

The regulations as now in effect are:

"No officer, attorney or employee of the Railroad Administration shall: 1. Hold a position as a member or officer of any political committee or organization that solicits funds for political purposes. 2. Act as a chairman of a political convention or use his position in the railroad service of the United States to bring about his selection as a delegate to political conventions. 3. Solicit or receive funds for any political purpose or contribute to any political fund collected by an official or employee of any railroad or any official or employee of the United States or any State. 4. Assume the conduct of any political campaign. 5. Attempt to coerce or intimidate another officer or employee in the exercise of his right of suffrage. Violation of this will result in immediate dismissal from the service.

**May Complete Terms.**

"6. Neglect his railroad duties to engage in politics or use his position in the railroad service of the United States to interfere with an election. An employee has the right to vote as he pleases, and to exercise his civil rights free from interference or dictation by any fellow employee or by any superior or by any other person. Railroad employees may become candidates for and accept election to municipal offices where such action will not involve neglect on their part of their railroad duties, but candidacy for a nomination or for election to other political office or the holding of such office is not permitted. The positions of notaries public, members of draft boards, officers of public libraries, members of school or park boards, and officers of religious and democratic institutions are not construed as political offices.

"7. In all cases where railroad officers, attorneys and employees were elected to political offices prior to the issuance of General Order No. 42, on August 31, 1918, they will be permitted to complete their terms of office so long as it does not interfere with the performance of their railroad duties. After the completion of such terms of office, they shall be governed by the provisions of this order.

In all cases where railroad officers, attorneys and employees had become candidates therefor prior to the issuance of General Order No. 42, on August 31, 1918, they will be permitted to hold and complete the terms of office to which they may be elected at the general election to be held November, 1918, to the extent that the holding of such offices shall not interfere with the performance of their railroad duties. After the completion of such terms of office, they shall be governed by the provisions of this order."

This Is What Is Happening While Hun Cries for Peace

GERMANS PLAY GIGANTIC BLUFF

American Officer Says West Front Resistance Staged for Effect.

The recent resistance of the Germans and especially the view attributed to Prince Max that if there must be peace by violence the German nation must prepare for defense were characterized here last night by an American officer in touch with the allied missions as "gigantic bluff."

The whole design of the Germans, he said, since the receipt of the President's last note, which was all of an ultimatum, has been for the sole purpose of leading the allies to believe they are still capable of resistance. The situation where Haig is storming the Valenciennes line must be so plain to the Germans that their resistance this side of the Rhine must have only the object attributed to them by allied missions—one colossal bluff to aid the diplomatic game being played by Prince Max. The liaison officer referred to said the moment Germany received President Wilson's answer the bluff might be said to begin to gallop.

**To Demand Concentration.**

Staff officers said there was nothing more certain than that Pershing and Haig will force the Germans to concentrate some place before retiring across the Rhine. Thus the whole design of the Germans, he said, is to lead the allies to believe they are still capable of resistance. The situation where Haig is storming the Valenciennes line must be so plain to the Germans that their resistance this side of the Rhine must have only the object attributed to them by allied missions—one colossal bluff to aid the diplomatic game being played by Prince Max. The liaison officer referred to said the moment Germany received President Wilson's answer the bluff might be said to begin to gallop.

ALEXANDRIA

THE HERALD BUREAU, A. S. DOWLING, A. S. DOWLING, A. S. DOWLING.

Alexandria, Va., Oct. 23.—Fourth Liberty Loan bonds amounting to \$85,000 were sold by the Women's Liberty Loan Committee of this city. This is regarded as an excellent showing. The war savings stamps offered by the committee to the organization and individual for selling bonds, have been awarded to the M. E. Church South, they having sold bonds to the amount of \$18,900, and Mrs. Louis N. Duffey was awarded the stamp for having sold the largest number of individuals, she having sold bonds to sixty-five persons. Many churches and organizations of women took part in the drive and all did excellent work despite the epidemic of influenza existing in the city.

There were four deaths here during the past twenty-four hours from influenza. The death rate from this disease during the past few days has remained practically the same.

The Alexandria National Bank's apportionment of liberty bonds was \$36,000, and that bank sold a total of \$26,000 and sold to 1,000 subscribers. This bank made a fine showing, more than doubling its apportionment.

Mrs. Isabel Winterstein Jamieson, 72 years old, wife of Andrew Douglas Jamieson, formerly of Lawrenceville, N. J., and Kirklyn, Pa., and only daughter of the late William Sharpe and Margaret Stahn Winterstein, of Bethlehem, Pa., died last night at her residence, 211 South St. Asaph street. Her funeral will take place at 11:30 o'clock tomorrow morning, and the body will be shipped to Bethlehem, Pa., for burial.

Samuel Lee Dorner, 30 years old, a native of Green County, Va., died last night in the Westminster Building of pneumonia. His wife and two children are living. The deceased was a chauffeur and was employed in this city.

Edward J. Laycock, 16 years old son of Capt. and Mrs. George Laycock, died this morning at the residence of his parents, 46 South Lee street, of pneumonia. He was employed at the Potomac Railroad yards.

George J. Dodd, 74 years old, a retired farmer, dropped dead early last night at his residence, 15 Walnut street, North Rosemont. Death was due to apoplexy. He is survived by his wife and three sons: James E. Dodd, Rosemont; Abner L. Dodd, Emporia, Va.; Dr. H. Franklin Dodd, now with the American Expeditionary Forces in France.

Miss Jeanette Fuchs and Paul O. Herfurth, both of this city, were married last night at the residence of the bride, 1600 Prince street. The ceremony was performed by Rev. Mr. Goette, pastor of Immanuel Lutheran Church.

Misses Roberta E. and Sofronia M. Matthews have sold to Frank Gorman and wife a house and lot on the east side of Patrick street between Duke and Wolfe streets.

JUSTICE DEPARTMENT BELITTLES CHARGES

Sees No Improper Conduct in Gaston Means Trial.

The Department of Justice failed yesterday to become excited over the proposed Congressional investigation which Gaston B. Means is here seeking to bring about with the avowed purpose of disclosing the relation of C. B. Ambrose and the Department of Justice to the prosecution of Means at Concord, N. C., for the death of Mrs. Maude A. King last year.

A. Bruce Bielaski, chief of the bureau of investigation, when his attention was called to the reports of the proposed investigation by a Congressional committee, said that ample opportunity had been afforded Means to show any improper activity upon the part of Ambrose at the Concord trial and that full testimony had been submitted about Ambrose at the King trial in Chicago.

He said the department is still open to consider any evidence of improper action that may have been taken by Ambrose, but that none has been presented to him.

ALLIED SURGEONS OFF ON TOUR OF AMERICA

Leave Washington for Chattanooga. Will Visit Mayo Brothers' Clinic.

The allied surgeons who are in this country as guests of the Clinical Congress of the American College of Surgeons, started from Washington on their tour of the United States last night.

They go first to Chattanooga, Tenn., where they will visit the Mayo Brothers' Clinic. The party consists of Sir Thomas Miles, Col. George E. Gask and Col. George Gray Turner, of England; Maj. Pierre Duval and Maj. Henri Beclere, of France; and Prof. Raffaele Bastianelli, of Italy. Dr. Franklin Martin, secretary general of the congress, and Dr. John G. Bowman, director of the American College of Surgeons, accompanied the party.

SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears soaps very pure coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Adv.

PRELATES VISIT COLLEGES HERE

British and French Catholic Delegates Are Guests of Churches.

Ten visiting dignitaries of the Roman Catholic Church, who came to America to celebrate Cardinal Gibbons' birthday on his fiftieth anniversary as bishop were guests of the Catholic institutions of this city yesterday.

The delegates were guests of the Catholic Sisters' College, on the Bates road, in the morning. The Rt. Rev. Frederick Keating, bishop of Northampton, the head of the visiting English clergymen, and the Rt. Rev. Eugene Julien, bishop of Arras, the leader of the French delegation, each gave a short address.

A stop in the round of official visits was made at the Franciscan Monastery, Brookland, and at the Dominican Chapel. The sisters and students of Trinity College welcomed the clergymen in the name of the school. Mr. Thomas, of St. Patrick's Cathedral, entertained in their honor at a luncheon yesterday at which the Roman Catholic pastors of the city were guests. The luncheon guests included Ambassador Jusserand, of the French Embassy; Colville Barclay, counselor of the British Embassy and Charge d'Affaires in the absence of Lord Reading; and French officers who are visiting in the city.

Wreaths were laid on the tomb of Washington by Bishop Keating and Bishop Julien yesterday afternoon when a visit was made to Mount Vernon. Bishop Keating's speech included Sulgrave Manor, the ancestral home of the Washingtons in England.

Dr. Thomas Joseph Shahan, rector of the Catholic University, will be host at a luncheon today in honor of the papal delegates.

"DISCIPLINED" GERMAN ARMY NEAR DISORGANIZED RABBLE

Withdrawal According to Plan Develops Into Complete Rout—"Punishment Companies" Formed.

The German "withdrawal according to plan" does not seem to be following closely along the lines of a well defined plan, but is really developing into a complete rout, while the much vaunted "disciplined" German armies are losing all semblance of a trained force, and more and more each day becoming a disorganized rabble, according to dispatches received today by the British Bureau of Information from London.

The withdrawal is proving to be a very difficult operation owing to the speed of the allied advance, and German casualties and prisoners are invariably heavy. Two German fifteen centimetre guns were recently captured by an allied airplane, which kept guard over them until our infantry arrived, and the airmen with their machine gun kept off the Huns when they endeavored to hitch up and get their guns away.

**Form "Punishment" Units.**

The morale of the German rank and file has dropped to such a point that the enemy high command is now forming "punishment companies" for men who commit petty crimes in order to get themselves arrested, thus hoping to escape actual fighting. These companies are used for duties in dangerous positions, particularly in digging roads and dug-outs, excavating trenches, repairing barbed wire entanglements, and other work which necessitates them working in the heavily shelled areas.

Their success however, seems doubtful, as at every opportunity the men comprising them desert and surrender. An allied patrol consisting of a corporal and four men were returning to their trenches when they stumbled upon a party of 31 of these men. Without even being ordered, the Huns dropped their tools and threw up their hands and were escorted to the allied line.

The allied spirit however is the reverse. One commander during an advance lately was wounded and afterwards rendered unconscious by a bursting shell. He was left for dead, but later recovered consciousness and staggering after his company, refused to give in until he had given detailed orders to the second in command.

**Loading Posts Dangerous.**

The work of the officers and men at the motor loading posts, points nearest the firing line has of late been brought prominently into notice. These posts are usually within a mile of the front line, and owing to the rapid advance are often unsheltered. The wounded are sent here from regimental aid posts and battalion dressing stations to be picked up by ambulances. The constant shelling is not so bad as things go for the ambulance drivers and stretcher bearers as they are continually moving about, but it is nerve racking and trying for the N. C. O's and men in charge of the post, who have to remain on the job without shelter day in and day out for considerable stretches of time.

GEN. BURR HEADS DIVISION

CUT THIS OUT

Brig. Gen. G. W. Burr has been named chief of the Engineering Division of the Ordnance Department to succeed Brig. Gen. John H. Rice. It was announced yesterday by the Chief of Ordnance, Gen. Burr has been representing the department in England and for several months Gen. Rice has been in France, with Col. J. B. Dillard acting as chief of the division. Gen. Burr is now stationed in Washington.

**OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.**

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps of the deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate mucous passages and force the disease into the middle ear which frequently results in total deafness, or else the discharges towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Farnim (double strength). Take of Farnim (double strength), 1 ounce of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Choked nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Farnim used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.

Fourth Liberty Loan "Honor Roll" of

IT PAYS TO DEAL AT  
**Goldenberg's**  
BOTH SIDES OF 7TH AT K ST. THE DEPENDABLE STORE

We are proud of the loyalty and patriotism of our employees, who have responded to the call of the Liberty Loan Campaign and helped to make such a great record in putting Washington 'Over the Top.'

Nearly all of the employees whose names appear on this HONOR ROLL have subscribed to the First, Second, Third and Fourth Liberty Loans.
